## Seren Vets

## Pet Health Plan

Helping you budget for  
your pet's health care.

The Pet Health Plan is administered on behalf of your vet by Vetsure.

Vetsure and Vetsure Pet Health Plan are registered trading names of TVIS Ltd, company registration no. is 06820979. TVIS Ltd is registered England and Wales, 2nd Floor Titan Court, 3 Bishop Square, Hatfield, Hertfordshire, AL10 9NA.

We all know the value and benefit of keeping our pets happy and healthy and we want to help you reduce and spread the cost of routine preventative healthcare for your pet. By joining our Pet Health Plan your pet will benefit from preventative treatments and services all at discounted prices! Payments are made by convenient monthly direct debit collected by our plan administrator, Vetsure.

## Care for the best of health, cover for the worst.

Note that our Pet Health Plan is NOT a pet insurance product. Pet insurance is aimed at providing cover for the treatment of unforeseen accidents and/or illnesses and does not typically cover preventative healthcare costs.

To link the two aspects of pet healthcare, Vetsure will give Pet Health Plan members 5% off Vetsure Pet Insurance when you take out a policy with them (or when you renew an existing one). That way, they can reward you further for your commitment to keeping your beloved pet in the best of health – at the same time as providing cover for the cost of treatment of accidents and illnesses through Vetsure Pet Insurance.

### Vetsure Direct Home Delivery Service

For your convenience, and to make sure your pet is protected all year round, we'll deliver your Health Plan flea and worm treatments directly to you at home. The additional cost for this option is just £1.99 per month.

Your Vetsure Direct Home Delivery Service will begin when your pet reaches a consistent adult weight. This is usually when they reach around six months of age. Regular in-clinic weight checks are required during the first six months, so your vet can ensure the amount of flea and worm treatment your puppy/kitten receives is in line with their rapid growth.

Brought to you by  
**vetsure**

**Pet Health Plan.**
